In Honor of Jill Leach

Fortunately for me, I was not active at our Bridge Center during the recent turmoil. It was fortunate for me because I did not need the aggravation but unfortunate for me as I did not get to participate in something that has meant a lot to me and it all started with Jill Leach. Because of her encouragement and teaching, I developed a love for a fascinating game and have had the opportunity to meet so many wonderful people. I realize that many people have hurt feelings as a result of the relocation of our Bridge Center. I am asking all of you, in honor of Jill Leach, to set that aside. Everyone is entitled to their opinions and everyone is entitled to be respected, even if we disagree. No one here is evil, we need to work for the common good. Jill has left an imprint on my heart as I know she has left on many others. Let us all come together again as a way to honor her memory.
