## ACBL Unit 530

Dear [REDACTED]

### **A message to our Unit from the desk-less President**

Imagine a lost ship at sea and a captain who doesn't quite know how to run a ship. That is what you have.

We have a very talented board and web master who are working hard to keep this ship moving forward.

Andi Carr has written a letter in memory of Jill Leach who we lost last month. Jill was so much a part of creating lasting friendships and enjoyment of this wonderful game. You can read Andi's letter on our website under a new feature called "Letters."

We are intent on being totally transparent and will provide updates regularly on matters of mutual concern. Due to our "virtual" situation, we will meet as a board on Zoom the second Thursday of the month. Any member can attend. I will post an agenda on our website previous to the meeting.

Wish us luck and keep playing. We are so lucky to have this pastime available.

Trulee Ricketts

President

---

### **Letters Feature on our WebPage**

Would you like a chance to express a compliment, gripe, suggestion or opinion about our bridge community?

Send an email to '[ace@montereybridgeclub.com](mailto:ace@montereybridgeclub.com)' and it may be published on our

webpage for all to consider. It'll be like the Letters-to-the-Editor in a newspaper.

Letters will be compiled weekly into a single document and available through the "Letters" tab on the homepage. Please give a suggested title for your letter and give your name. Optionally, give your email address if you want to encourage responses directly to you.

Letters may be edited for brevity, clarity and comity. Letters received by 'ace' will be acknowledged by return reply within a few days. If not, please resend as it may have been misrouted to the 'junk' or other mysterious file.
